

*nazemurist helped out a lot. Staff could build anything! One of the things I love about racing is the good people you meet. I also miss the people that are not with us anymore.*

**Q. Tell me about the car.** *A. Well it's a soft spring big bar set up which we continue to learn about. We changed quite a bit from the last race. We were not ending up with the cross weight we wanted so we experimented in the shop finally achieving what we want. I am excited about this race as I think it will be fast. I will not be driving the car this weekend due to my nephew's wedding but Alex Leschenko will hopefully pilot the Fusion to the front.*

**Q. What are the reasons you race?** *A. I love everything about racing, the fans, the people, the competition, the speed. That is why I have done this for over 30 years and continue to.*
