

This race on the 23rd of May 2015 marks the beginning of Auto Clearing Motor Speedway's 10th annual race season at what is often still referred to by SSCRA members and fans as 'the new track'. The Saskatoon Stock Car Racing Club, which later became the Saskatoon Stock Car Racing Association, began operating in Saskatoon in 1954 on an oval track called the Motordrome. This race track was located at what is now an area of land between Mc Kercher Drive and Moss Avenue. Because of expansion of the city, the SSCRA found itself looking for somewhere else to race, and spent a few years at the Prairieland Exhibition grandstand, and shortly after secured some land just east of the city. This became Bridge City Speedway. Near 30 years later, again due to city expansion, the SSCRA found itself looking for a new home and in 2004 the land on which Auto Clearing Motor Speedway is built was purchased. The year 2006 brought our first season at Auto Clearing Motor Speedway, and with participation from corporate partners, members, racers and teams, we are proud to announce 2015 as Auto Clearing Motor Speedway's 10th race season, and the Saskatoon Stock Car Racing Association's 53rd Anniversary.

Auto Clearing Motor Speedway would like to welcome and thank our new divisional sponsors of the classes racing today.

2015 Tiger Automotive Pro Truck Drivers

#01 Alex Leschenko
#3 Brad Toth
#5 Ian McLean
#8 Andrew Clewes
#10 Kevin Dyck
#14 Wade Wohlford
#15 Andrew Hardy
#18 Bill Zubrecki
#19 Aaron Anderson
#21 Kade Thompson
#41 Shawn Conarroe
#49 Shantel Firth
#52 Robin Boomsma
#88 Brad Wrennick
#94 Ben Pogoda

About the Pro Truck division:

Pro Truck's begin as a factory pick-up truck and are later built to be race vehicles. The chassis and suspension components for a Pro Truck are from a GM metric chassis. They run an aftermarket fibreglass body, replicating the body style of new full size Ford, Chevrolet, Dodge or Toyota truck. Some modifications such as weight jacks help with performance.

2015 Golfs Car Wash Street Stocks Drivers

#3 Kevin MacLaggen
#18 Mike Rea
#28 Brennen Forseille
#42 Nicole Sheetka
#81 Curtis Houben
#88 Brad Wrennick
#100 Chris Geveart

About the Street Stock division:

Street Stocks are one of the most common divisions in North America with almost every track having some version of a Street Stock. Many of the Street Stocks you see on the track today were at one time driven around town as the family car. To be modified into race vehicles, the interior of the cars is stripped and safety features, such as the roll cage, are added.

2015 Golfs Car Wash Sport Compact Mini Stocks Drivers

#11 Jason Venne
#23 Cole Nixey
#25 Tanner Reimer
#37 Scott Kozak
#41 Jamie Tataryn
#72 Riley Surcon
#92 Brennan Kirton

About the Mini Stock division:

The Mini Stock division is designed as an entry level division. The rules and restrictions help amateur drivers to enter and gain the experience of competitive racing. By limiting the cars to stock pieces and components, the cost of the division is kept as low as possible. Many drivers at our track began their racing career in the Mini Stock division.
