About the Bandolero division:

A Bandolero is a turnkey, spec-series race car designed for drivers eight to fourteen years of age. The Bandolero division serves as a stepping stone between a kart and a race car. These cars use a Briggs and Stratton 570cc Vanguard engine that produce nearly 30 HP.

Today's race program also includes a touring series. Auto Clearing Motor Speedway is proud to present the Mac's Legends. The Legends cars are 5/8th scale versions of the historic NASCAR modified driven during the 1930's and 1940's. Introduced in 1992 as a fun, safe and affordable class of racing, Legends have now grown into one of the most popular classes of racing in North America.
